Supply of Engines and Pump Sets.

*Q.—91. **Sri M. GOVINDA REDDY** (Chitaldrug District—General).—

Will the Government be pleased to state :—

(*a*) whether they have agreed to supply engines and pumping sets to raiyats on hire-purchase system ;

(*b*) the number of applications received in each district in this regard ;

(*c*) the number of sets supplied to each district ;

(*d*) the amount provided for the purchase of the engines and pumping sets during the year ?

*A.—**Sri K. T. BHASHYAM** (Minister for Law and Labour).—(*a*) The Department has agreed to supply only electrically driven pump sets to raiyats on the hire purchase system and these are issued after the applicants observe all the formalities like the production of the Solvency Certificates, etc.

(*b*) and (*c*) The following are the number of applications received and number of pumps issued in each district in this regard during 1949-50.

Sl. No.	District	Applications received	No. of pump sets for issue of which permits are issued
1	Bangalore	36	34
2	Mandya	3	2
3	Mysore	9	9
4	Kolar	19	19
5	Tumkur	15	15
6	Shimoga	3	3
7	Chikmagalur ...	2	2
8	Hassan	6	6
9	Chitaldrug	4	4
	Total ...	97	94

(*d*) A sum of Rs. 60,000 has been provided under '23. (*o*) of sanctioned Budget, Other Advances for the supply of Pump Sets under hire-purchase system.'

Sri M. GOVINDA REDDY.—Have the Government issued a notification calling for applications in each District for supplying oil engines and pumping sets ?

Sri K. T. BHASHYAM.—I want notice.

Sri M. GOVINDA REDDY.—My question has been put with a view to know the number of applications received. The Hon'ble Minister must be able to say whether any applications were received or not ?

Sri K. T. BHASHYAM.—Applications are received from those who want to instal pumps.

Sri M. GOVINDA REDDY.—Is it not as a result of the notification issued by the Government ?

Sri K. T. BHASHYAM.—I have no idea about it. People know that if they apply they will be given agricultural pumps. I do not think there is any special notification.

Sri M. GOVINDA REDDY.—May I remind that a notification has been issued ?

Sri K. T. BHASHYAM.—Sir, it is all complimentary of the Government if a notification has been issued.

Sri M. GOVINDA REDDY.—These figures furnished in the answer are said to be about pumps issued during 1949-50. May I know up to what date these figures have been supplied ?

Sri K. T. BHASHYAM.—It is said 1949-50 ; it means 31st March 1950.

Sri M. GOVINDA REDDY.—The Government have provided an amount of Rs. 60,000 for this year. How many oil engines and pumpirg sets can be provided ?

Sri K. T. BHASHYAM.—I cannot say ; probably at the rate of Rs. 2,000 or Rs. 3,000, 20 sets may be provided for. I am not quite sure.

Sri M. GOVINDA REDDY.—What was the arrangement contemplated by the Government for supplying these engines and pumping sets ?

Sri K. T. BHASHYAM.—There are forms which the applicant will have to fill up and we will ask the Deputy Commissioners about the solvency of the person who applies. As soon as we get the recommendation from the Deputy Commissioner about the solvency of the applicant, we sanction him the pumping set.

Sri M. GOVINDA REDDY.—My point is whether the Government

themselves have these engines in their possession to be able to supply to the applicants or whether they have made arrangements with other firms for these applicants to go and buy pumping sets.

Sri K. T. BHASHYAM.—We supply the pumps ourselves to the applicants.

Sri M. GOVINDA REDDY.—May I know if the Government are in a position to supply pumping sets to all the applicants?

Sri K. T. BHASHYAM.—Yes. We supplied pumping sets to all of them. Where pumping sets are sanctioned; we issue permits and the pumping sets are supplied.

Sri M. GOVINDA REDDY.—Are Government aware that there are hundreds of applicants who are not supplied with pumping sets?

Sri K. T. BHASHYAM.—Yes. I know.

Sri M. GOVINDA REDDY.—Are Government aware that although there are firms forthcoming to supply engines, Government do not indent from them?

Sri K. T. BHASHYAM.—We have not got sufficient transformers. If people purchase pumps investing thousands of rupees and we are not able to supply power for want of transformers those people will be put to loss and trouble. Hence we do not sanction more than we can meet.

Sri M. GOVINDA REDDY.—In view of the shortage of food in the country, will the Government provide more money for this purpose?

Sri K. T. BHASHYAM.—But money alone will not provide transformers. For these we want materials like Silico Steel, mild steel sheets, cotton insulators, etc.

Sri M. GOVINDA REDDY.—I am not talking of supplying pupming sets where there is no electric power. Where there is power, why should not the Government make arrangements to supply engines and pumping sets?

Sri K. T. BHASHYAM.—Power may be there but you must have a transformer.

Sri M. MADIAH (Mysore District-Depressed Class).—Sir, to question (*a*) whether Government have agreed to supply engines and pumping sets, the answer is in respect of electrically driven pumps only. I want to know why statistics have not been furnished for pumps other than those electrically driven.

Sri K. T. BHASHYAM.—We thought that figures were required only about electrically driven pumps. If they are required about oil engine pumps the answer will be given.

Sri M. MADIAH.—May I know how many oil engine pumps have been supplied?

Sri K. T. BHASHYAM.—I have not got the information here. But I will furnish the answer to the Hon'ble Member, if he needs it.

Sri M. MADIAH.—Is it a fact that in the agreement form with regard to the supply of oil engines, there is a provision that the sureties should register their landed property?

Mr. SPEAKER.—That question does not arise.
